

GIS Users Meeting

Agenda
August 1st, 2013

The morning session's **Special Topic** for August will be
Presented by;
Scott Ambs,
President IMAGIN, and GIS Coordinator for Jackson County

The presentation will highlight this year's April 28 IMAGIN Conference that took place at Mount Pleasant.

The afternoon session's **Educational Topic** for August will be
Presented by;
Larry Schaner,

Larry is a Ferris State graduate with over 30 years of geospatial experience and is the Owner of SpatialIntel Inc., Highland Ranch Co. You can find more information about SpatialIntel at <http://www.spatialintel.com/>

The discussion will focus on airborne Light Detection and Ranging (LiDAR) technology and the uses and benefits of the resulting data both independent and when combined with aerial imagery. We will discuss the current State of Michigan LiDAR specification in terms of its capabilities to support various project applications within the environmental, natural resource and transportation disciplines. Those interested in gaining a better understanding of the technology, resulting data and products possible and the benefits and uses to support these and other pertinent applications will benefit.

9:30 – 10:00 Networking (Coffee and doughnuts provided)

10:00 – 12:00 Morning Session

- I - Introductions and Approval of Meeting Minutes
- II - Federal, State, and Association Updates (5 minutes each)
- III - Local, Regional, Vendor Partners, Other Updates (2 minutes each)
